Behavior Management Policy

God's Garden Preschool desires to establish a Christian foundation for life by teaching with consistent and individual guidance through God's wisdom, understanding, and knowledge while providing a safe, nurturing environment that strives to produce the most developmentally appropriate skills and concepts using the fruits of the spirit: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control.

It is the policy of God's Garden Preschool to reach every child where that child is at developmentally and to partner with the family to problem solve any behavior that is hurting him/herself or any other child or adult. These are the following actions to be taken:

1. Teacher must document all negative behavior
2. Teacher is to look at classroom, schedule, and discipline to determine if the teacher can diffuse the behavior
3. Teacher must talk to the director and discuss necessary changes to environment to adapt to the behavior
4. The teacher then lets the parent know what is going on and the techniques being used to meet the child's needs
5. Daily documentation and dialog then happens between teacher and parent to determine progress
6. After a fair amount of time (decided on by teacher and director) to allow for behavior to change, another meeting with director is needed to update and discuss further action
7. If behavior is still unacceptable, then a meeting with the parents is scheduled. This meeting is to present documentation of behavior in the classroom and to further discuss behavior management plan to meet the needs of the child.
8. Daily documentation and dialog will continue between parents, teacher and director.
9. If behavior continues to be unacceptable for a group setting after a predetermined time set by parents, teacher and director, another meeting with the parents is scheduled to evaluate and decide on further action.

It maybe necessary to request that an observation by Early Childhood Intervention or Midlothian School District Educational Diagnostician is required to continue services with the cooperation from the parents. It is the goal of God's Garden Preschool to have all children in a safe environment to learn and grow as individuals and as a team working together to promote the fruit of the spirit.

My signature verifies I have read and received a copy of the behavior management policy.
